May 28, 2025

To Whom It May Concern,

I am pleased to write this letter of recommendation for Jesse Proulx, whom I have had the pleasure of teaching in both my Database Programming and Business Programming courses. Jesse has consistently demonstrated a high level of engagement, a positive and respectful demeanor, and a strong commitment to academic excellence.

From the outset, Jesse stood out as a dedicated and hardworking student. He consistently submitted assignments on time, often going above and beyond the requirements to explore concepts more deeply. His work was not only technically sound but also thoughtfully executed, reflecting a genuine interest in the subject matter.

What truly distinguishes Jesse is his collaborative spirit and willingness to support his peers. He frequently offered assistance to fellow students, helping to foster a positive and inclusive learning environment. His approachable nature and eagerness to contribute made him a valued member of the classroom community.

Jesse's excellent work ethic, combined with his pleasant demeanor and strong interpersonal skills, make him an outstanding candidate for any academic or professional opportunity. I am confident that he will continue to excel and positively impact those around him.

Please feel free to contact me if you require any further information.

Sincerely,
